MITCHELL A. SAUNDERS, M.D., FACC

## CARING, CONSISTENT *and* COMPREHENSIVE CARDIOLOGY

Welcome to Heart Associates of Long Island (HALI), a practice of Stony Brook Community Medical PC. At HALI, you are at the heart of everything we do. We are specialists in cardiac catheterization and we offer a full-service approach to your cardiac care — including special programs within our practice like our Heart Function Center, to help better understand and manage your various cardiac health needs.

Our highly-skilled, highly accomplished physicians each have more than 25 years of experience in preventing, diagnosing and treating heart disorders. And our staff ensures that the time you spend with your HALI physician — whether in our offices or in the hospital, is at a considerate, human pace.

We're sorry to inform you that this website is still in the process of development. Please bear with us at the moment as we are trying to get everything up and running as soon as possible.
